

# COROLLA CROSS

# ENJOY THE JOURNEY

Life is a fast-paced adventure full of twists and turns, so you'll need a car that makes navigating you to each milestone an enjoyable ride. If the nature of family life regularly disrupts your best-laid plans, the all-new Toyota Corolla Cross gives you and your loved ones everything required to safely tackle the unpredictable journey. Adopting Toyota's newly developed fifth generation hybrid system, this practical SUV offers outstanding fuel efficiency and all-wheel drive capability. Whatever life brings, cherish every moment with Toyota Corolla Cross.

# DESIGNED FOR EVERYDAY FAMILY LIFE

The Corolla Cross gives everyone something to smile about. Offering all the toughness of a robust family car with intuitive SUV design – it’s perfect for the everyday. A newly tapered cabin, combined with flared three-dimensional front and rear fenders, creates a sleek look that expresses the dynamism expected of an imposing SUV. With powerful LED headlights and two types of 18" alloy wheels, you and your family will be equipped for all scenarios from dawn until dusk, whether off-road or on the school run.

Scan to discover more.

## EXPRESS YOURSELF WITH STYLISH ALLOYS

A unique fusion of sporty and chic 18" alloy wheels are available to match Corolla Cross' athletic stance.

#### EASY ACCESS

Whether carrying children or unloading heavy baggage, large rear door openings enable easy access to the vehicle.

## FOR YOUR MOST PRECIOUS CARGO

Few things are as unpredictable as family life. Fortunately, the Corolla Cross is equipped to handle any challenge thrown your way. A convenient loading height and exceptional boot space mean you'll have capacity for everything from ferrying kids to sports clubs to enjoying weekends away with loved ones in tow. Need more space? No problem. 60/40 split fold-down rear seats instantly make room for suitcases, bikes and anything else you bring along for the journey. Convenient storage options including a glovebox and six cup holders mean everyone can enjoy a comfortably spacious ride.

# KEEP THE WHOLE TRIBE HAPPY

The Corolla Cross welcomes every passenger – no matter how big or small – into an inviting and comfortable interior filled with space for everyone to enjoy. As well as ample legroom and headspace, folding armrests and rear seat vents create comfort around every corner, with plenty of space for movies, video games and so much more. A large panoramic roof fills the cabin with light, adding the feeling of more space. The warm interior of the Corolla Cross makes everyone feel at home.

**MORE SPACE TO PLAY WITH**  
A welcoming panoramic roof enhances every drive, inspiring curious little minds to engage with the outside world.

# CONFIDENCE TO GO ANYWHERE

Wherever you're going, the Corolla Cross 5th generation hybrid won't let the family down. Intelligent all-wheel drive and strong reverse hill climb mean you're always prepared, all year round. Enjoy extra traction when you need to tackle the road ahead. So when things get tough, you can drive on with confidence. Its powerful hybrid engine offers excellent fuel efficiency and delivers best-in-class CO<sub>2</sub> performance. Built to handle the "are we there yet?" of longer journeys, Corolla Cross takes care of the hard stuff so you can focus on what matters.

# FUTURE-PROOF TECHNOLOGY

Whether it's a longer road trip or playing taxi driver for the kids, technology gets you there conveniently. A huge 10.5" multimedia screen organises and displays important driving information at a glance, while the easy-to-read 12.3" digital combi meter lets you track real-time driving data. Customisable and regularly updating software on each ensures your Corolla Cross is future-proof and always connected. Use the Smart Key System to remotely lock/unlock the doors. Place your mobile on the wireless charging pad to power up while driving. Stay focused on the journey ahead, even with troublemakers in the back.

Apple CarPlay is a trademark of Apple Inc.

## CONTROL AT YOUR FINGER TIPS

Sitting at the head of your Corolla Cross' sleek dashboard is a new 10.5" touchscreen. Take calls, listen to your favourite playlists and easily control a variety of systems in one intuitive swipe or tap with Apple CarPlay compatibility.

## IN CONTROL FROM YOUR PHONE

Connectivity doesn't stop when you leave the car. The MyToyota app is a powerful tool on the move. Secure your car from afar, locking the doors and closing the windows with Remote Control. Use Remote Climate to prepare the hybrid system and cool or warm the cabin ahead of a journey. And with Hazard Lights and Find My Car you can remotely flash the lights, sound the horn and see the car's location on a map, making it easy to find.

### SMART DIGITAL KEY\*

With Smart Digital Key your smartphone becomes your car key. Shareable with up to four other people, it works from your bag or pocket to unlock and start your New Toyota Corolla Cross hands-free and securely.

\* Feature availability and vehicle specification may vary among models, grades and according to market availability. The engine start function of the Smart Digital Key will not operate if your vehicle is equipped with an additional immobiliser device and if the immobiliser key is not present inside the vehicle.

# TOYOTA T-MATE. WITH YOU FOR A SAFER JOURNEY

For class-leading safety functions, Corolla Cross is built with T-Mate – your helpful driving partner. This includes the latest generation of Toyota Safety Sense as well as the possibility to update its features over the air. T-Mate makes sure you're always in safe hands.

Learn more about T-Mate.

## PRE-COLLISION SYSTEM (PCS)

Our Pre-Collision System can detect and help you avoid collisions with other vehicles, pedestrians and cyclists. It works by alerting the driver with audio and visual warnings and brake assistance. If the driver doesn't manage to brake in time the brakes automatically engage to prevent or mitigate a collision. Car, pedestrian, cyclist and motorbike detection are possible. Additionally, Intersection Collision Avoidance Support and Emergency Steering Assist support in the day when turning at junctions and making evasive manoeuvres.

## EMERGENCY DRIVING STOP SYSTEM (EDSS)

If no driver input is detected for some time, audible warnings sound to alert the driver. Failing this, the vehicle automatically slows, coming to a stop without straying from the current lane. Hazard lights activate to warn other road users and doors are opened to allow easy access for emergency services, if needed.

## PROACTIVE DRIVING ASSIST, DECELERATION ASSIST (DA)

This system supports smooth deceleration when the accelerator pedal is released, when approaching a curve or a preceding car.

## LANE TRACE ASSIST (LTA)

Our Lane Trace Assist System is designed to make motorway driving safer. It keeps you centred in your lane and if you start to drift from it, steering assist will gently steer your car to correct its course.

## ROAD SIGN ASSIST (RSA)

Road Sign Assist monitors the road signs ahead, displaying useful information such as the current speed limit or overtaking restrictions on your cockpit display. The system also provides a visual and acoustic warning if the driver isn't following a road sign indication.

## FULL-RANGE ADAPTIVE CRUISE CONTROL (ACC)

This system keeps you at a minimum pre-set distance from the vehicle in front. If this distance falls, the system reduces your speed and eventually the brakes will be applied and brake lights activated. If your car is equipped with Road Sign Assist (RSA), this system will also recognize speed limits on your driving route and suggest any necessary adjustments.

#### BLIND SPOT MONITOR (BSM)

Our Blind Spot Monitoring system alerts the driver to any vehicles they might not have seen in their side mirrors. This is particularly useful when overtaking.

#### TOYOTA TEAMMATE ADVANCED PARK

This system controls the acceleration, steering, and braking to help you park safely. It can even memorise your favourite parking spaces that aren't defined by lines or adjacent objects.

#### REAR SEAT REMINDER SYSTEM (RSRS)

This system alerts the driver if passengers or objects are left behind in the rear seat. The alert includes: a warning in the digital combi meter, then depending on model, hazard lamps as well as a buzzer will activate, when outside after locking the car.

#### SAFE EXIT ASSIST (SEA)

The system is using the radar of the Blind Spot Monitor to help the driver avoid a collision between an opened door or exiting occupants with vehicles or cyclists approaching from the rear. If the system judges that there is a possibility of a collision, an indicator in the outer mirror lights up and multi-information display indicator together with buzzer will alert the occupants.

## HELP WITH LIFE'S DISTRACTIONS

With the Corolla Cross, parking is easier and safer with the Panoramic View Monitor system which combines the images from four cameras to create an almost 360° view of your surroundings.

Additionally, Corolla Cross is equipped with other innovative T-Mate driving and parking assistance features such as Toyota Teammate Advanced Park, Blind Spot Monitor, Safe Exit Assist and Rear Seat Reminder System to name just a few - giving you confidence and making driving and parking even safer for you and other road users.

## MID GRADE

The Corolla Cross Mid Grade provides your family with the practicality they need. Enjoy welcoming features such as comfortable fabric seats, 17" alloys and a 12.3" digital combimeter.

### MAIN FEATURES

- Black or grey fabric
- 17" silver alloy wheels (5-double-spoke)
- 10.5" multimedia display
- 12.3" screen for information display
- Front fog lamps (LED)
- Electrochromatic rear-view mirror
- Automatically retractable door mirrors
- Rear combination lamps (bulb)
- Rain sensor
- Automatic High Beam
- High-mounted stop lamp (LED)
- USB Type-C connector

## MID+ GRADE

With 18" alloys, ambient lighting and privacy glass windows, the Corolla Cross Mid+ Grade offers practical functionality with an extra touch of added style.

### MAIN FEATURES (ADDITIONAL TO MID)

- Heated driver & front passenger seats
- Illuminated entry system
- Wireless mobile phone charger
- 18" dark grey machined-face alloy wheels (10-spoke)
- Light blue ambient lighting on front doors
- LED rear light guide
- Privacy glass on rear side windows
- Privacy glass on rear quarter windows
- Black roof rails
- Smart Digital Key

# HIGH GRADE

The Corolla Cross High Grade unlocks all of these specs and more with sophisticated full leather seats, panoramic roof and JBL® audio. You'll also have access to Teammate Advanced Park and a Panoramic View Monitor to help you park safely.

## MAIN FEATURES (ADDITIONAL TO MID)

- Black leather or black partial leather or light grey partial leather
- 18" dark grey machined-face alloy wheels (10-spoke)
- Heated driver & front passenger seats
- Blind Spot Monitor (BSM)
- Intelligent Clearance Sonar (ICS) (front, for objects)
- Intelligent Clearance Sonar (ICS) (rear, for objects and pedestrians)
- Wireless mobile phone charger
- Illuminated entry system
- Rear parking sensors (4)
- Power boot
- LED rear light guide
- Privacy glass on rear side windows
- Privacy glass on rear quarter windows
- Black roof rails
- Light blue ambient lighting on front doors

COLOURS

\* Metallic paint.  
§ Pearlescent paint.

From Platinum Pearl White to Urban Khaki, Toyota Corolla Cross is available in a choice of four different interior fabrics and eight unique body colours. New are the four unique bi-tone body colours – so you can find a design that’s right for you and your family.

# ACCESSORIES – SUV PACK

The Corolla Cross SUV Pack, with the stylish underrun or rugged side step and scuff plates which emphasize its dynamic appearance, helps you to make even more of a statement.

**SIDE STEP**  
The side step gives you easy access to the roof accessories while enhancing the rugged appeal of your car.

**SIDE UNDERRUN**  
The stylish underrun protector is the ideal combination of protection and style. It protects your car's side and gives it a premium look.

**SCUFF PLATES**  
Protect your sill paintwork from scratches, scrapes and marks, while adding an aesthetic edge, with aluminium scuff plates.

# STYLING PACK

The Corolla Cross powerful design makes a strong impression wherever it goes. Add the Toyota Styling Pack with its carefully chosen design details and you create a look of pure individuality.

**SIDE SILLS**  
Contoured to integrate smoothly with the side of your car. Creating an elegant and powerful low profile appearance.

**REAR LOWER BOOT GARNISH**  
A touch of class along the lower edge of your car's boot.

# TRAVEL PACK

Whatever your lifestyle, the Travel Pack has the perfect accessory for the job. Each one is designed to function perfectly and to complement your Corolla Cross' looks.

**DETACHABLE TOWING HITCH**  
Lets you make full use of your car's powerful towing capacity. The hook can be removed when not required.

**CROSS BARS**  
These aerodynamic, lockable cross bars click easily into the roof rails on your Corolla Cross. They can be used with a wide range of other attachments.

**ROOF RACK ATTACHMENTS, SKI BOX THULE MOTION 800**  
A high capacity yet streamlined design especially for winter sports holidays. It can be opened from both sides for easy loading and unloading and, for added security, the central locking key cannot be removed until all the locking points are closed.

# PROTECTION PACK

Your Corolla Cross is a great looking car and the Protection Pack will let you keep it that way. It will help you to avoid scratches on the exterior and grime in the interior.

**RUBBER FLOOR MAT**  
Great looking, long lasting mats to protect your car's cabin interior. Safety fixings hold the driver's mat firmly in place.

**BOOT MAT**  
The boot mat gives you choices for the appearance and protection of your boot space. The mat is tough, practical and easy to clean.

**BOOT LINER**  
Tailored to fit the boot of your vehicle and provide protection against dirt and spills. The design features a special anti-slip surface pattern to help stop luggage moving.

**BOOT SCUFF PLATE**  
The boot scuff plate guards the paintwork in the boot area, with extra styling detail to complement your vehicle's design.

**PROTECTION FILMS**  
Toyota paint protection films provide a durable, long-lasting protection to the most vulnerable areas of the vehicle against everyday damage. They are highly transparent, protective films, virtually invisible when applied to a vehicle's paintwork.

Sound level drive by (dB(A))	65.0	66.0

The fuel consumption and CO<sub>2</sub> values are measured in a controlled environment on a representative production model, in accordance with the requirements of the new WLTP European Regulation EC 2017/1151 and its applicable amendments. For each individual vehicle configuration, the final fuel consumption and CO<sub>2</sub> values may be calculated based on the ordered optional equipment. The fuel consumption and CO<sub>2</sub> values of your vehicle may vary from those measured or calculated values, as driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, tyre pressure, load, number of passengers, etc.) have an influence on a car's fuel consumption and CO<sub>2</sub> emissions. For more information regarding the new WLTP test method, please visit: <https://www.toyota-europe.com/world-of-toyota/feel/environment/worldwide-harmonized-light>

## TOYOTA 2050 ENVIRONMENTAL CHALLENGE & LIFECYCLE POLICY

At Toyota, we want to go beyond zero environmental impact and leave the world in a better place than we found it. To make that happen, we have set ourselves six challenges to complete by 2050. Each one presents its own difficulties, but we are committed to generating a positive and sustainable impact on society and the natural world as a whole.

For more information regarding Toyota Environmental Challenge please visit:  
[www.toyota-europe.com/world-of-toyota/feel/environmental-sustainability](http://www.toyota-europe.com/world-of-toyota/feel/environmental-sustainability)  
or contact your local Toyota retailer.

### CHALLENGE 1 NEW VEHICLE – ZERO CO<sub>2</sub> EMISSIONS

By 2050, we want to reduce the CO<sub>2</sub> emissions from our vehicles by 90% compared to our 2010 levels. To achieve this, we will promote the development of new vehicles with low or zero carbon emissions, and do everything we can to increase the uptake of these vehicles.

### CHALLENGE 3 PLANT – ZERO CO<sub>2</sub> EMISSIONS

To reduce carbon emissions at our manufacturing plants, we are focusing on improving the technologies we use and switching to alternative power sources. We are committed to making our facilities more energy-efficient and adopting renewable energy sources such as solar and wind, as well as low-carbon power such as hydrogen energy.

### CHALLENGE 5 ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

We've been working on the challenge of resource recycling for 40 years, with the result that 95% of every Toyota Corolla Cross is now reusable and recoverable. In addition, we offer new and innovative ways of returning your vehicle when it eventually reaches 'the end of the road'.

### CHALLENGE 2 LIFE CYCLE – ZERO CO<sub>2</sub> EMISSIONS

We are working to create more environmentally friendly designs – and then analysing and refining them to ensure the lowest possible environmental impact throughout the vehicle's entire life cycle\*.

### CHALLENGE 4 MINIMISING AND OPTIMISING WATER USAGE

To minimise water usage, we have started to collect rainwater at our manufacturing plants. We have also developed purification methods so that the water we do use can either be used again or returned safely into the local supply.

### CHALLENGE 6 ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

To preserve and enhance our co-existence with the natural world, we are organising reforestation and tree planting, green urban schemes and other environmental initiatives, both at our own sites and in the wider world. Our aim is to establish a society where people and nature coexist in harmony.

\* Toyota's LCA methodology, which is applied to our passenger vehicles, was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

## YOUR COMPLETE PEACE OF MIND WITH TOYOTA

### HYBRID SERVICE PROGRAMME

Hybrid Battery Extra Care cover\* on an annual/ 15,000 km basis (whichever comes sooner) up to the 10th year from vehicle registration date.

### QUALITY SERVICE

Your Toyota will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

### LOW MAINTENANCE COSTS

All Toyota vehicles are designed and engineered to minimise your maintenance costs.

### GENUINE PARTS

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle.

### COMPREHENSIVE WARRANTY

Every new Toyota comes with a 3-year/ 100,000 km vehicle warranty<sup>§</sup>, which covers any defect caused by a manufacturing fault<sup>§</sup>.

### ADDED SECURITY

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test.

### TOYOTA EUROCARE

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years\*\*.

### GENUINE ACCESSORIES

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. All accessories are covered by a 3-year warranty when purchased together with the vehicle<sup>§</sup>.

For more information on peace of mind visit: [www.toyota-europe.com/service-and-accessories](http://www.toyota-europe.com/service-and-accessories)

\* Check with your retailer for specific Toyota Hybrid Service Programme details.   § Check with your retailer for specific warranty details.   § Transport to the nearest authorised Toyota repairer will also be covered. In addition the 3-year/unlimited mileage paint warranty protects against defects and surface rust caused by a manufacturing fault. Every new Toyota is covered by a 12-year anti-corrosion (not valid for commercial vehicles) warranty against perforation of body panels caused by a manufacturing fault in materials or workmanship.

\*\* Belgium 5 years/Portugal and Denmark 1 year.
